PROGRESSIVE CLUB

The Committees Report Progress.

TRANSPORTATION OF VOTERS ON ELECTION DAY.

Blue Print Copies of the Plans of the Proposed New Wharf Ordered Printed.

The Progressive Club.

The regular meeting of the Berkeley Progressive Club was held at the usual place last evening, with President Hadlen in the chair.

The usual routine business was transacted, and the President then read the following letter from Charles A. Bailey:

Charles Hadlen, Dear Sir: The duties given your Committee to perform involve many weeks of labor before the consummation is reached. No definite report can yet be made, nor is it likely that any can be made for several weeks to come. Therefore your Committee can only report progress, and will take pleasure in reporting definite results as soon as they can be accomplished. Yours truly,

CHAS. A. BAILEY.

Mr. Nichols of the same committee reported that the members of the Committee had taken the matter in hand, and that the matter was of so much importance, that it took time and patience to accomplish what the Club desired, but he felt that the matter would come out all right.

A Committee of three was appointed to see what teams could be secured to take voters to the polls at the next bond election. The Committee was also instructed to see the Superintendent of the street-car line and see whether he would run the cars every fifteen minutes on election day. The Committee is composed of Charles Hadlen, Tom Wilson and Fred Wilkes.

Tom Wilson was requested to see the editor of the Gazette and ask him through the columns of the paper to announce that persons desiring to vote at the coming bond election, could leave San Francisco on the 5 or 5:30 boat and that they will arrive in Berkeley in time to cast their vote.

The matter of having fifty copies of the blue print of the proposed plans for the new wharf was discussed at some length and were ordered. They will be placed in conspicuous places so that the people will have a chance to see the plans and to inform themselves of the fact that the wharf is needed.

There being no further business the Club adjourned until next Tuesday evening.

Lorin.

A new daughter came to the household of Principal E. T. Harms of the Peralta school.

C. E. Boag of Ashby avenue is fitting up the premises formerly occupied by him as a saloon, and is fitting up a large and complete stock of groceries and hardware.

Miss De Velling, one of the State organizers for the W. C. T. U., delivered an interesting and instructive address at Ashby hall last Sunday evening.

Colonel McMullin, an Oakland capitalist, is putting up a fine residence on the corner of Grove and Russell streets, and its completion will be followed by several others by the same builder. These buildings, when finished, will be for sale or rent, and they will add much to the appearance of that portion of the town in which they are located.

The South Berkeley firemen have a present in active training a strong team for tug-of-war work. It is their purpose to shortly challenge any volunteer fire department team in Alameda county for a matched test of strength and skill, and so confident are they, and their friends of winning, that a considerable sum of money stands ready to be wagered upon them.

Parties here who are in a position to know all the facts in the case state that a compromise has been effected between Perkins and Menziesmeyer by which the former is to receive \$3500 from the latter as damages, the money

to be paid on the 4th of April. It is further stated that upon the receipt of this money the Perkins-Rogers family will leave for the mines of Cripple Creek, Col.

Mrs. W. P. Hukill of Benicia is visiting among her friends hereabouts.

The teachers and pupils of the Lorin school are taking a vacation of one week, beginning last Monday.

Mr. Nicholson of this place lost a valuable cow last Saturday. The animal was run over by the Berkeley local and so maimed that it had to be killed.

Miss Christina Smith, who for some eight months has been residing in the family of Judge James, has returned to her home in San Francisco.

The Christian Endeavor Social held at the residence of the Mrs. Ronaldson of this place last Friday evening, proved to be one of the most enjoyable affairs of the kind held here this season.

The difference of opinion as to what class of publications shall be admitted to the free reading room still prevails.

One party contends that it is the right of the citizens to have placed on file papers of any political complexion, or, in fact, any publication that is permitted to pass through the United States mail.

The book committee of the library, however, insists that it has the right of censorship, and persists in exercising that right and it is the matter stands. It is understood that the issue will be forced in a few days.

Hart Will Pay Alimony.

In the divorce suit of Mary A. Hart against John Hart, the defendant has been ordered to pay the plaintiff \$20 alimony, and \$50 counsel fees, and all money in the savings bank has been released from the restraining order. The plaintiff is head janitor of the State University buildings.

TAX COLLECTORS

Must Collect Licenses and Other Taxes.

Tax Collector's Duty.

The Supreme Court yesterday, in the suit of Ventura county against Henry Clay, treasurer of the county, and C. H. Bradley, to enforce Clay from paying Bradley's claim of \$240 for collecting license taxes, decided in favor of the county. The real question at issue was whether, under Section 154 of the County Government Act, Tax Collectors are compelled to collect license taxes.

The Tax Collector of Ventura had refused to do so, and the Board of Supervisors had appointed Bradley to make the collections. The District Attorney ruled that the Board had no authority to make such an appointment, but notwithstanding this the Board approved Bradley's claim.

In its decision the Supreme Court holds that the Supervisors had no power to appoint Bradley, that Section 154 of the County Government Act has not been repealed, and that it is the duty of County Tax Collectors to collect and receive license taxes, as well as other classes of taxes.

Not Correct.

A statement appears in the local papers today that a considerable discussion occurred at the meeting of the Town Board last night over the reported infraction of the liquor laws in the engine house of the Columbia Fire Company, where an impromptu party was held on a recent evening. The conclusion was guessed at that there was no discussion on the subject.

Everybody in Berkeley knows D. R. Wentworth, the enterprising shoe manufacturer. Furthermore his name is now getting to be well known throughout the State and coast. Merit is doing all of this for him. His goods are of the best manufacture, made under his own supervision and dealers once buying of him, continue right along. Hence his great success.

The long established music house of Kohler & Chase, located at 1013 Broadway, Oakland, keep in stock all the leading makes of pianos in the market. It also has a large stock of all other kinds of instruments, sheet and book music, etc., which the public may want in this line of business. Prices are always in accordance with the times.

ABOUT GOLDEN GATE

A Heavy Payroll at the Judson Works.

DEATH OF A VERY ESTIMABLE LADY.

Short Items That Have Been Gathered by Nimble and Energetic Reporters.

Golden Gate.

T. W. Corder, of the tallow works at the Stockyards is busily engaged in fitting up the necessary apparatus for burning crude petroleum as a source of steam power for his establishment. He is convinced from the experience

of the Standard soap works and Judson iron works, both of which are using this material for fuel, that it is far cheaper and more satisfactory than coal.

Government Meat Inspector Harriet has been obliged by illness to be absent from his post of duty at the Stock Yards, but is now back again. His place was taken by Meat Inspector Riley, who did double duty for the time named. Both of these gentlemen speak in the highest terms of the stock brought before them for inspection, and state that if the community is not provided with first class meat it is the fault of the establishments here.

Mr. Mitchell of West Berkeley, who some time since erected a fine business building near the corner of San Pablo and Dalton avenues, is now fitting it up for the reception of a large stock of general merchandise.

Miss Alice Haley of Newark is now visiting her friend, Mrs. Shidler of this place. A social party will be given in her honor at the residence of the last named lady, this Wednesday evening.

Henry Kurze, the genial grocer of San Pablo avenue here, who is located in the Klinkner block, is feeling uncommonly good these days. He has just received definite information from his former home in Germany that a cash legacy amounting to several thousand dollars has been left him by deceased friends there. He expects to receive the money in a few weeks and will then proceed to make his numerous friends as happy as possible.

The management of the Judson iron works is now engaged in putting into that institution the very latest and best system of electric lights, the plant for which has just been received from New York. There will be fifteen large lights, ten inside and five outside.

Mrs. Harry Bockelman has been suffering greatly for several days past with bronchitis but is now better.

It now seems certain that a new cable will immediately be put in upon the San Pablo road. This cable will cost several thousand dollars, and the fact that it is to be put in, serves to indicate that it is not the purpose of the company to change from cable to an electric line and extend to West Berkeley, immediately at least. Because of the heavy cars running out to Oak

avenue, and on the horse car line running from there to Golden Gate, trips are only made every twenty minutes.

Last Saturday was pay day at the Judson Iron Works, and it marked the ending of the most satisfactory and profitable month which that institution has experienced for years. Between thirteen and fourteen thousand dollars were disbursed to employees.

The return from the late Australian ballot election in the schools here are as follows: Eighty-five voters were present and seventy-one votes were cast, thirteen being challenged for cause. The following officers were elected: Superior Judge, Lea Leach; assessor, Lillie Smith; county clerk, Maud McCarty; coroner, Anita Reams; sheriff, Louis Hazelbacher; recorder, Ed Kearns. The election board was composed as follows: Clerks, Henry Lehmkuhl, Clara Baird; judge, Julia Davidson.

Ralph W. Willey, son of A. E. Willey, who has just graduated from a business college in Boston, will be here soon to take charge of the clerical affairs of his father's real estate office.

Al Craig, an expressman, and a com

panion were stood up Monday night on the San Pablo road just above here by three men and robbed of \$16. After robbing them, their assailants tumbled themselves and their rig, and after patching up the latter so as to be able to travel, drove into town in the early morning in a very sorry and dejected plight.

Reviving a Corpse.

L. L. Bromwell is making an effort to revive the defunct California Insurance Company, of which he was president. The company reinsured in April, 1892. Since January Bromwell has been gathering up the stray stock of the concern, and it is stated that he now holds nearly all of it. The plan is to turn the stock over to a German company that will rehabilitate the "Old California" under the old title, with a \$300,000 capital.

A GOOD PLAY.

The Fair Rebel now being Produced at the Oakland.

The Oakland.

"The Fair Rebel" was given in artistic manner by the Bacon company at the Oakland last evening. The piece is of a military order, and gives the company an excellent opportunity of showing its merit. A number of pretty scenic effects were shown, including the celebrated Libby prison. The leading role of Clairette, Monteth was in the hands of Miss Jackson, who gave an artistic and finished performance.

The rest of the Company sustained their several roles in a finished manner. William Beckwith's fall from the telegraph pole was neatly done, but a little too realistic for his own good. The applause last evening was quite generous, and a number of beautiful bouquets found their way over the footlights.

Manager Bacon does not believe in putting trash on the stage, and those who contemplate attending any play produced during his stay here can rest assured that it will be of a standard quality, and one which the most critical will enjoy.

"The Golden Plough" is in preparation for next week, with an elaborate and new scenery.

Attention, People's Party! All members of the People's Party Club, Socialists, and others interested in the Populist movement are requested to meet Friday night at the rooms of the Improvement Club, corner of Fourth street and University avenue. All Populists and Socialists are urgently requested to attend, as business of importance will be transacted.

The people residing in North Berkeley, who do business at the Town Hall and West Berkeley, complain that the horse cars do not make close connection with the local train going north. They arrive at the East Berkeley station just in time to make a miss and travelers have to wait over sometimes an hour. We trust the company will remedy the matter and accommodate those living at the North End.

M. M. COLLINS' DEATH

The Life of a Busy Man is Ended.

REPRESENTED THE WEST BERKELEY DISTRICT

In the Assembly at the Last Session of the Legislature—Belonged to Many Orders.

Assemblyman Collins.

H. M. Collins, Assemblyman from the Forty-ninth Assembly District, and one of the best known local politicians and fraternal society men in Oakland, died this morning at his home, 1823 Eighth street, from lung trouble.

Mr. Collins contracted a severe cold during his last campaign, which developed into la grippe. He never recovered, and the disease resulted in rapid consumption.

Mr. Collins is sixty-three years old, and came to California in 1853 from New York, where he was born. He went to El Dorado county and tried mining, and afterwards opened a store in Placerville. He was a town and county official there. In 1877, he came to Oakland and engaged in business in West Oakland. In 1889 he became interested in the citizens' movement which inaugurated the new charter. He was nominated for Councilman from the First Ward and went into office upon that political tide wave.

defeating J. T. Carothers, the railroad baggage master. He was elected President of the City Council. He was afterwards defeated for the Council by H. P. Dalton, now Assessor, and was then nominated for the Assembly by the Republicans of his district. He was defeated by James McDonald by one vote, but was seated by a Republican Assembly.

He was a well-known figure in local politics and was a power in the Republican party in West Oakland.

Mr. Collins stood very high in fraternal orders. He was elected Supreme Treasurer of the Order of Chosen Friends in 1882 and held that position until his death. He has held State positions in the Odd Fellows and Workmen and was well known in other orders.

He leaves two sons and three daughters, William Collins, George Collins, Mrs. Jennie Stevens, Mrs. Lottie Law, and Miss Mary Collins.

The funeral took place today at 2:30 p. m. from the Chester-street Methodist Church. The Rev. F. W. Meathy conducted the services. The Odd Fellows and the Workmen had charge of the funeral and the body was taken to Placerville for interment.

A SPLENDID OPPORTUNITY.

Is Now Offered to Those Who Have Money to Invest in a Legitimate Enterprise.

The Life of a Busy Man is Ended.

REPRESENTED THE WEST BERKELEY DISTRICT

Assemblyman Collins.

The Alameda and Santa Barbara Development Co. which was incorporated for the purpose of developing oil wells at Summerland, have now decided to offer 1000 shares of their capital stock at \$1.50 per share, the par value of which is \$5.00. The company have now 4 oil wells producing 50 barrels per day, besides a water well which will save an outlay of \$35 per month besides having an abundance of water to sell to others, it being the only water well in the country.

No effort has been made heretofore to dispose of stock, but on account of the increasing demand for oil and the recent advance in price they are anxious to put down at least to more wells as soon as possible and more money is needed for that purpose. There whole output is sold faster than can be delivered by the company.

When their property is fully developed, they expect to produce 400 barrels per day as they have sufficient territory for 40 wells.

There being an underground flow to the ocean, the supply is inexhaustible. Summerland is situated six miles south of Santa Barbara, on the Ventura branch railroad, and on the completion of the gap from Ellwood north will be on the main line to Los Angeles.

The company owning property on both sides of the railroad extending to the ocean, have been planning facilities for shipping by rail or water, as a wharf is about to be built, there being a natural harbor opposite their property.

They are fully equipped with steam power, pumping plant, and other machinery necessary for the work, and also tank room for 700 barrels.

They are not wanting money to prospect at other people's expense, but to develop that which is an absolute certainty, and can be vouched for by the most reliable authority.

The company is composed of well known business men of Berkeley. For further particulars address W. E. TOPHAM, Sec., or THOS. HANN, Pres.

The Board of Trustees of the Town of Berkeley, Gentlemen: You ask me whether under Section 27 of the Act of the Legislature of the State of California, approved March 24, 1894, (known as the County Government Act) a disabled and honorably discharged soldier, sailor or marine of the United States, can obtain a free license (municipal county or State) to hawk, peddle, and send goods, wares, merchandise, etc., as provided in said section, without a certificate of disability by a surgeon of the U. S. Army or Navy; in other words, whether the following language used in Section 27, to wit: "A certificate of disability by a surgeon of the U. S. Army or Navy or an exemplified copy thereof, shall be sufficient proof of such disability," provides an exclusive method of proving the disability contemplated in said section thereof.

I think it plain that no such construction is permissible. The section simply provides that the authorities (municipal, county and State) can grant the free license when the desirability of such license is shown.

I think it plain that no such construction is permissible. The section simply provides that the authorities (municipal, county and State) can grant the free license when the desirability of such license is shown.

The authorities ought to grant the free license to the honorably discharged soldier, sailor or marine upon any other evidence satisfactory to them; for example, upon the certificate of any regularly licensed physician or surgeon of regular practice in any county, or town of the State, or to put the proposition in another way, the evidence named in the statute is not conclusive.

BREWTON A. HAYNE, Town Attorney for Berkeley.

This opinion was submitted to Attorney-General Fitzgerald, and the following is his reply:

Brewton A. Hayne, Esq., Town Attorney of Berkeley: Dear Sir—I have carefully considered the opinion rendered by you to the Board of Trustees of the Town of Berkeley, construing Section 27 of the County Government Act of 1893, (Stats. 1893, 358) and I take pleasure in stating that I fully concur with you in said opinion.

MRS. DAVIDSON FREE

The Jury Instructed to Acquit Her.

ON THE REV. C. O. BROWN'S OWN EVIDENCE.

The Case Was Evidently Fixed As Dr. Brown Feared Attorney Knight.

Mrs. Davidson Acquitted.

San Francisco, March 25.—The Rev. C. O. Brown was placed upon the stand this morning as the prosecuting witness against Mrs. Mary A. Davidson, whom he charged with extortion.

His counsel was very chary about asking him any leading questions, and Mr. Brown took very much care in the way he answered his questions. He stated that he was not in any fear when he paid the money to Mrs. Davidson, but that he only did so to secure evidence against her.

Attorney Knight then asked the Court to instruct the jury to acquit, as the law stated that there could not be a charge of extortion unless there was a great fear at the time the money was paid.

Knight read the Code definition of extortion, which, he said, did not exist except where there was the element of fear. Extortion was the obtaining of money or property by means of force or fear. Fear was constructive violence, and if the party alleged to have been victimized was not in fear at the time of paying the money the case was not one of extortion. Authorities as to this were cited. One of the cases referred to was that of a New York keeper of a house of ill-fame, who had acted with the police in paying blackmail to an agent of a society for preventing crime. There was a dismissal on the technical ground. This, he said, was parallel with the case at bar.

The Court said there was no doubt about the law. It was only a question as to what Dr. Brown's motive was, and that was for the jury to determine and ought to be argued.

Knight said he understood Dr. Brown to say it was his only motive, as he would not have paid the money except to secure evidence.

Judge Bairs said there was no doubt from his testimony that that was his principal motive, but the law did not say fear should be the only motive.

The Court asked Cook whether he consented to a motion to acquit.

Cook said he would not if he were Assistant District Attorney, ask for a conviction on the evidence adduced.

As he was only retained counsel, he did not feel like taking any responsibility.

Judge Bairs said the question was whether he (Cook) consented.

"As an officer of the court I could not conscientiously ask for a conviction," said Cook.

The force was then consummated by the Court's ordering the jury to acquit, which it did amid the plaudits of the gallery.

The Auld's Separated.

After a long struggle the Auld family of Berkeley has finally been separated.

The Jury Instructed to Acquit Her.

ON THE REV. C. O. BROWN'S OWN EVIDENCE.

Mrs. Davidson Acquitted.

After a long struggle the Auld family of Berkeley has finally been separated. Roy A. Auld sued his wife, Elizabeth, for a divorce on the ground of extreme cruelty. She made a vigorous defense and beat the suit. She then turned around and sued her husband for a legal separation on the grounds of desertion. The matter was tried before Judge Ogden yesterday, and the wife was given a decree.

COMING ALONG.

A Heavy Vote Cast To-day for the Most Popular Teacher.

The friends of Miss Hamlin brought in numerous votes for her today, and have put her back into first place again. Miss Squires, and Miss McGurg took quite a spurt today, and are rapidly climbing to the top, as is also Professor Warnick. Lorin sends in a new candidate today, in the person of Principal Congdon.

The contest for the GAZETTE prizes, which will be placed on exhibition in a few days is also getting started in good shape, and we expect that there will be a large list of boys and girls in the contest before many days. We now have subscription blanks, which will be furnished any boy or girl who wants to enter the contest for the prizes. We know that just as soon as they are placed on exhibition that the boys and girls will all begin to hustle, and bring in the names of subscribers to the GAZETTE.

This is vacation week and quite a number of boys and girls are at work soliciting subscribers, and they will make a good showing by the end of the week.

We are going to our office and receive our subscription blanks and take a chance in winning one of the GAZETTE prizes. Just think of it, a fine bicycle, a good shotgun or one of the numerous other prizes that the GAZETTE is offering to the boys and girls who bring in the greatest number of subscribers to the paper.

The vote stands today as follows:
